

Braunston Marina

Dear Mike + Mark

Thank you for letting us look around your canal we enjoyed it and we asked you a lots of good questions. I hope we will visit you again. Thank you for teaching for us how to control and steer the boat I really liked it.

The boat was called Guinevere your room is unbelievable, first class - I have never seen a boat like this before.

When I went inside the boat it was really different from my house!

I used my skills to team work and be an effective participator

I learned how to steer the boat so thank you.

Hope you have a happy holiday on the canal
